ASSURE HOLDINGS CORP.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

1. NATURE OF OPERATIONS

Assure Holdings Corp. (the “Company” or “Assure”), through its two wholly-owned subsidiaries, Assure Neuromonitoring, LLC (“Assure Neuromonitoring”) and Assure Networks, LLC (“Assure Networks”), provides technical and professional intraoperative neuromonitoring (“IONM”) surgical support services for neurosurgery, spine, cardiovascular, orthopedic, ear, nose, and throat, and other surgical procedures that place the nervous system at risk. These services have been recognized as the standard of care by hospitals and surgeons for risk mitigation. Assure Holdings, Inc., a wholly-owned subsidiary, employs most of the corporate employees and performs various corporate services on behalf of the consolidated Company. Assure Neuromonitoring employs interoperative neurophysiologists (“INP”) who utilize technical equipment and their technical training to monitor evoked potentials (“Eps”), electroencephalographic (“EEG”) and electromyography (“EMG”) signals during surgical procedures and to pre-emptively notify the underlying surgeon of any nervous related issues that are identified. The INPs perform their services in the operating room during the surgeries. The INPs are certified by a third-party accreditation agency.

Assure Networks performs similar support services as Assure Neuromonitoring except that these services are provided by employed or third party contracted neurologists or certified readers. The support service provided by the neurologist occurs at an offsite location at the same time and for the same surgery as the support services provided by the interoperative neurophysiologist.

The Company was originally incorporated in Colorado on November 7, 2016. In conjunction with a reverse merger, the Company was redomiciled in Nevada on May 16, 2017.

Neuromonitoring was formed on August 25, 2015 in Colorado and currently has multiple wholly-owned subsidiaries. The Company’s services are sold in the United States, directly through the Company.

Networks was formed on November 7, 2016, in Colorado and holds varying ownerships interests in numerous Provider Network Entities (“PEs”), which are professional IONM entities. These entities are accounted for under the equity method of accounting. Additionally, Networks manages other PEs that Networks does not have an ownership interest and charges those PEs a management fee.

COVID-19

The Company’s commitment to the health, well-being and peace of mind of our employees and the people we serve remains our focus as the pandemic environment evolves. We continue to leverage our resources, expertise, data and actionable intelligence to assist customers, clients and care providers throughout this time.

The situation surrounding COVID-19 remains fluid with continued uncertainty and a wide range of potential outcomes. We continue to actively manage our response and assess impacts to our financial position and operating results, as well as mitigate adverse developments in our business. Further discussion of the potential impacts on our business from the COVID-19 pandemic is provided under Part I, Item 1A – Risk Factors of the Form 10-K.

2. BASIS OF PRESENTATION

Consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, and majority-owned entities. The accompanying consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (“GAAP”), which contemplates continuation of the Company as a going concern and the realization of assets and satisfaction of liabilities in the normal course of business. The accompanying consolidated financial statements do not include any adjustments that might become necessary should the Company be unable to continue as a going concern. All significant intercompany balances and transactions have been eliminated in consolidation.

ASSURE HOLDINGS CORP.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

For entities in which management has determined the Company does not have a controlling financial interest but has varying degrees of influence regarding operating policies of that entity, the Company's investment is accounted for using the equity method of accounting.

Accounting Policies

There have been no changes to the Company's significant accounting policies or recent accounting pronouncements during the six months ended June 30, 2022 as compared to the significant accounting policies disclosed in the 10-K for the year ended December 31, 2021 as filed on March 14, 2022.

Common Stock Reverse Split

During September 2021, the Company effectuated a five-for-one reverse stock split. All share, stock option and warrant information has been retroactively adjusted to reflect the stock split. See Note 6 for additional discussion.

Reclassifications

Certain amounts for the three and six months ended June 30, 2021 have been reclassified to conform to the 2022 presentation.

3. REVENUE

The Company disaggregates revenue from contracts with customers by revenue stream as this depicts the nature, amount, timing and uncertainty of its revenue and cash flows as affected by economic factors. Commercial insurance consists of neuromonitoring cases whereby a patient has healthcare insurance. Facility billing consists of neuromonitoring cases whereby the company has an agreement with the facility for services. In these cases, the hospital's patient may be uninsured or have government insurance.

The Company's revenue disaggregated by payor is as follows (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2022	2021	2022	2021
Commercial insurance	\$ (306)	\$ 3,679	\$ 2,518	\$ 6,343
Facility billing	1,227	1,068	2,272	1,851
Managed service agreements	428	1,287	847	2,059
Other	296	186	709	732
Total	\$ 1,645	\$ 6,220	\$ 6,346	\$ 10,985

Accounts Receivable

A summary of the accounts receivable, net, by revenue stream is as follows (in thousands):

	June 30, 2022	December 31, 2021
Technical service	\$ 11,278	\$ 18,904
Professional service	9,315	8,209
Other	396	697
Total accounts receivable, net	\$ 20,989	\$ 27,810

ASSURE HOLDINGS CORP.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

The concentration of accounts receivable, net, by payor as a percentage of total accounts receivable is as follows:

	As of June 30, 2022		As of December 31, 2021	
Commercial insurance	91	%	91	%
Facility billing	6	%	2	%
Managed service arrangements	2	%	3	%
Other	1	%	4	%
Total	100	%	100	%

4. LEASES

Under ASC 842, *Leases*, a contract is a lease, or contains a lease, if the contract conveys the right to control the use of identified property, plant, or equipment (an identified asset) for a period of time in exchange for consideration. To determine whether a contract conveys the right to control the use of an identified asset for a period of time, an entity shall assess whether, throughout the period of use, the entity has both of the following: (a) the right to obtain substantially all of the economic benefits from the use of the identified asset; and (b) the right to direct the use of the identified asset. The Company does not assume renewals in the determination of the lease term unless the renewals are deemed to be reasonably assured at lease commencement. Lease agreements generally do not contain material residual value guarantees or material restrictive covenants

Leases with an initial term of 12 months or less are not recorded on the consolidated balance sheet; the Company recognizes lease expense for these leases on a straight-line basis over the lease term. As a practical expedient, the Company elected not to separate non-lease components for the corporate office facility (e.g., common-area maintenance costs) from lease components (e.g., fixed payments including rent) and instead to account for each separate lease component and its associated non-lease components as a single lease component

Operating leases

The Company leases corporate office facilities under an operating lease which expires October 31, 2025. The incremental borrowing rate for this lease was 10%.

Finance leases

The Company leases medical equipment under various financing leases with stated interest rates ranging from 5.2% — 13.4% per annum which expire at various dates through 2026.

The condensed consolidated balance sheets include the following amounts for right of use (“ROU”) assets as of June 30, 2022 and December 31, 2021 (in thousands):

	June 30, 2022	December 31, 2021
Operating	\$ 779	\$ 956
Finance	579	743
Total	\$ 1,358	\$ 1,699

Finance lease assets are reported net of accumulated amortization of \$2.2 million and \$2.0 million as of June 30, 2022 and December 31, 2021, respectively.

ASSURE HOLDINGS CORP.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

The following are the components of lease cost for operating and finance leases (in thousands):

	Six Months Ended June 30,	
	2022	2021
Lease cost:		
Operating leases:		
Amortization of ROU assets	\$ 154	\$ 127
Interest on lease liabilities	46	—
Total operating lease cost	200	127
Finance leases:		
Amortization of ROU assets	291	249
Interest on lease liabilities	46	42
Total finance lease cost	337	291
Total lease cost	\$ 537	\$ 418

The following are the weighted average lease terms and discount rates for operating and finance leases:

	As of June 30, 2022	As of June 30, 2021
Weighted average remaining lease term (years):		
Operating leases	3.3	—
Finance leases	2.7	3.3
Weighted average discount rate (%):		
Operating leases	10.0	—
Finance leases	7.8	8.0

The Company acquired ROU assets in exchange for lease liabilities of \$79 thousand upon commencement of finance leases during the six months ended June 30, 2022.

Future minimum lease payments and related lease liabilities as of June 30, 2022 were as follows (in thousands):

	Operating Leases	Finance Leases	Total Lease Liabilities
Remainder of 2022	\$ 144	\$ 336	\$ 480
2023	303	360	663
2024	327	268	595
2025	279	152	431
2026	—	23	23
Total lease payments	1,053	1,139	2,192
Less: imputed interest	(166)	(111)	(277)
Present value of lease liabilities	887	1,028	1,915
Less: current portion of lease liabilities	206	473	679
Noncurrent lease liabilities	\$ 681	\$ 555	\$ 1,236

Note: Future minimum lease payments exclude short-term leases as well as payments to landlords for variable common area maintenance, insurance and real estate taxes.

ASSURE HOLDINGS CORP.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

5. DEBT

The Company's debt obligations are summarized as follows:

	June 30, 2022	December 31, 2021
Paycheck Protection Program loan	\$ —	\$ 1,687
Face value of convertible debenture	3,450	3,450
Less: principal converted to common shares	(60)	(60)
Less: deemed fair value ascribed to conversion feature and warrants	(1,523)	(1,523)
Plus: accretion of implied interest	896	705
Total convertible debt	<u>2,763</u>	<u>2,572</u>
Face value of Centurion debenture	11,000	11,000
Less: deemed fair value ascribed to warrants	(1,204)	(1,204)
Plus: accretion of implied interest	326	176
Less: net debt issuance costs	(467)	(547)
Total Centurion debt	<u>9,655</u>	<u>9,425</u>
Total debt	<u>12,418</u>	<u>13,684</u>
Less: current portion of debt	—	(515)
Long-term debt	<u>\$ 12,418</u>	<u>\$ 13,169</u>

During the six months ended June 30, 2022, the Company recognized a gain of \$1.7 million related to the January 2022 forgiveness of the balance of the Paycheck Protection Program loan.

The following table depicts accretion expense and interest expense (excluding debt issuance cost amortization) related to the Company's debt obligations for the three and six months ended June 30, 2022 and 2021 (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2022	2021	2022	2021
Accretion expense				
Convertible debenture	\$ 95	\$ 95	\$ 191	\$ 190
Centurion debenture	76	25	150	25
	<u>\$ 171</u>	<u>\$ 120</u>	<u>\$ 341</u>	<u>\$ 215</u>
Interest expense

Centurion debenture	284	46	548	46
	<u>\$ 361</u>	<u>\$ 123</u>	<u>\$ 769</u>	<u>\$ 200</u>

ASSURE HOLDINGS CORP.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

As of June 30, 2022, future minimum principal payments are summarized as follows (in thousands):

	Convertible Debt	Bank Indebtedness
Remainder of 2022	\$ —	\$ —
2023	965	—
2024	2,425	—
2025	—	11,000
Total	3,390	11,000
Less: fair value ascribed to conversion feature and warrants	(1,523)	(1,204)
Plus: accretion and implied interest	896	326
Less: net debt issuance costs	—	(467)
	<u>\$ 2,763</u>	<u>\$ 9,655</u>

Paycheck Protection Program

During March 2021, the Company received an unsecured loan under the United States Small Business Administration Paycheck Protection Program (“PPP”) in the amount of \$1.7 million. Assure executed a PPP promissory note, with an original maturity date of February 25, 2026 (the “PPP Loan”). The PPP Loan carried an interest rate of 1.0% per annum, with principal and interest payments due on the first day of each month, with payments commencing on the earlier of: (i) the day the amount of loan forgiveness granted to Assure was remitted by the Small Business Administration to the Bank of Oklahoma; or (ii) 10 months after the end of the 24-week period following the grant of the Loan. Under the terms of the PPP Loan, all or a portion of the PPP Loan may be forgiven if the Company maintains its employment and compensation within certain parameters during the 24-week period following the loan origination date and the proceeds of the PPP Loan were spent on payroll costs, rent or lease agreements dated before February 15, 2020 and utility payments arising under service agreements dated before February 15, 2020. The Company submitted its application for forgiveness of the PPP Loan during the fourth quarter of 2021 and in January 2022, the Company received forgiveness of the \$1.7 million PPP Loan resulting in no balance due.

Convertible Debt

From November 2019 through May 2020, the Company closed multiple non-brokered private placements of convertible debenture units (“CD Unit”) for gross proceeds of \$3.5 million. Each CD Unit was offered at a price of \$1. Each CD Unit included, among other things, one common share purchase warrant that allows the holder to purchase shares of the Company’s common stock at prices ranging from \$5.00 to \$9.50 per share for a period of three years and the right to convert the CD Unit into shares of the Company’s common stock at a conversion prices ranging from \$3.35 to \$7.00 per share for a period of four years. The CD Units carry a 9% coupon rate.

The fair value of the convertible debt was determined to be \$1.7 million, the conversion feature \$1.2 million and the warrants \$600 thousand. The difference between the fair value of the debt of \$1.7 million and the face value of convertible debt of \$3.5 million will be accreted over the four-year life of the CD Units.

Centurion Debt

During June 2021, Assure issued a debenture to Centurion (the “Debenture”) with a maturity date of June 9, 2025 (the “Maturity Date”), in the principal amount of \$11 million related to a credit facility comprised of a \$6 million senior term loan (the “Senior Term Loan”), a \$2 million senior revolving loan (the “Senior Revolving Loan”) and a \$3 million senior term acquisition line (the “Senior Term Acquisition Line” and together with the Senior Term Loan and the Senior Revolving Loan, the “Credit Facility”). During November 2021, the Company and Centurion entered into an amendment to allow the Senior Short Term Acquisition Line to be utilized for organic growth and general working capital purposes. Under the terms and conditions of the debt arrangement, Centurion modified their debt

ASSURE HOLDINGS CORP.

(unaudited)

covenant calculations regarding bad debt expense. As a result, the Company's was in compliance with the debt covenants as of June 30, 2022.

The Credit Facility matures in June 2025 and bears interest at the rate of the greater of 9.50% or the Royal Bank of Canada Prime Rate plus 7.05% per annum.

The fair value of the Debenture was determined to be \$6.8 million and the warrants \$1.2 million. The difference between the fair value of the debt of \$6.8 million and the face value of the Debenture of \$8.0 million will be accreted over the four-year term of the Debenture.

6. SHARE CAPITAL

Common stock

Common stock: 180,000,000 authorized; \$0.001 par value. As of June 30, 2022 and December 31, 2021, there were 12,919,666 and 12,918,866 shares of common stock issued and outstanding, respectively.

Reverse Share Split

During September 2021, the total number of shares of common stock authorized by the Company was reduced from 900,000,000 shares of common stock, par \$0.001, to 180,000,000 shares of common stock, par \$0.001, and the number of shares of common stock held by each stockholder of the Company were consolidated automatically into the number of shares of common stock equal to the number of issued and outstanding shares of common stock held by each such stockholder immediately prior to the reverse split divided by five (5): effecting a five (5) old for one (1) new reverse stock split.

No fractional shares were issued in connection with the reverse split and all fractional shares were rounded up to the next whole share.

Additionally, all options, warrants and other convertible securities of the Company outstanding immediately prior to the reverse split were adjusted by dividing the number of shares of common stock into which the options, warrants and other convertible securities are exercisable or convertible by five (5) and multiplying the exercise or conversion price thereof by five (5), all in accordance with the terms of the plans, agreements or arrangements governing such options, warrants and other convertible securities and subject to rounding to the nearest whole share.

All shares of common stock, options, warrants and other convertible securities and the corresponding price per share amounts have been presented to reflect the reverse split in all periods presented within this Form 10-Q.

Stock options

During November 2021, the Company has adopted and approved the 2021 Stock Incentive Plan and the 2021 Employee Stock Purchase Plan. The intent of the Company and the Board is that while the Amended 2020 Stock Option Plan and the 2020 Equity Incentive Plan will continue in existence in relation to the options and awards previously granted thereunder, the Board will not grant future options or awards thereunder. Instead, only the 2021 Stock Incentive Plan will be used for the grant of options and awards to eligible participants thereunder.

As of June 30, 2022, an aggregate of 1,870,000 shares of common stock were available for issuance under the 2021 Stock Option Plan. As of June 30, 2022, no transactions have occurred under the 2021 Employee Stock Purchase Plan.

Options under the Plan are granted from time to time at the discretion of the Board of Directors, with vesting periods and other terms as determined by the Board of Directors.

A summary of the stock option activity is presented below:

	Number of Shares Subject to Options	Options Outstanding		Aggregate Intrinsic Value (in thousands)
		Weighted Average Exercise Price Per Share	Weighted Average Remaining Contractual Life (in years)	
Balance at December 31, 2021	1,204,233	\$ 5.56	3.6	
Options granted	130,000	\$ 5.16		
Options exercised	(800)	\$ 5.04		
Options canceled / expired	(27,933)	\$ 6.26		
Balance at June 30, 2022	<u>1,305,500</u>	<u>\$ 4.99</u>	<u>3.2</u>	<u>\$ 242</u>
Vested and exercisable at June 30, 2022	859,206	\$ 5.20	2.7	\$ 242

The following table summarizes information about stock options outstanding and exercisable under the Company's Stock Option Plan at June 30, 2022:

Options Outstanding				Options Exercisable		
Number of Outstanding	Weighted Average Remaining Contractual Life (in years)	Weighted Average Exercise Price Per Share		Number Exercisable	Weighted Average Exercise Price Per Share	
200,000	3.2	\$ 0.25		200,000	\$ 0.25	
12,000	0.3	\$ 14.00		12,000	\$ 14.00	
15,000	5.6	\$ 9.00		15,000	\$ 9.00	
85,000	1.3	\$ 9.00		85,000	\$ 9.00	
145,800	1.5	\$ 7.80		145,800	\$ 7.80	
79,600	2.3	\$ 6.40		68,987	\$ 6.40	
40,000	3.2	\$ 4.50		24,000	\$ 4.50	
88,000	3.4	\$ 4.85		52,800	\$ 4.85	
296,100	3.6	\$ 5.30		138,180	\$ 5.30	
30,000	3.8	\$ 5.60		14,000	\$ 5.60	
184,000	4.3	\$ 7.65		77,439	\$ 7.65	
130,000	4.7	\$ 5.16		26,000	\$ 5.16	
<u>1,305,500</u>	<u>3.2</u>	<u>\$ 4.99</u>		<u>859,206</u>	<u>\$ 5.20</u>	

The Company uses the Black-Scholes option pricing model to determine the estimated fair value of options. The fair value of each option grant is determined on the date of grant and the expense is recorded on a straight-line basis and is included as a component of general and administrative expense in the consolidated statements of operations. The assumptions used in the model include expected life, volatility, risk-free interest rate, dividend yield and forfeiture rate. The Company's determination of these assumptions is outlined below.

Expected life — The expected life assumption is based on an analysis of the Company's historical employee exercise patterns.

Volatility — Volatility is calculated using the historical volatility of the Company's common stock for a term consistent with the expected life.

Risk-free interest rate — The risk-free interest rate assumption is based on the U.S. Treasury rate for issues with remaining terms similar to the expected life of the options.

ASSURE HOLDINGS CORP.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

Dividend yield — Expected dividend yield is calculated based on cash dividends declared by the Board for the previous four quarters and dividing that result by the average closing price of the Company's common stock for the quarter. The Company has not declared a dividend to date.

Forfeiture rate — The Company does not estimate a forfeiture rate at the time of the grant due to the limited number of historical forfeitures. As a result, the forfeitures are recorded at the time the grant is forfeited.

The following assumptions were used to value the awards granted during the six months ended June 30, 2022 and 2021:

	Six Months Ended June 30,	
	2022	2021
Expected life (in years)	5.0	5.0
Risk-free interest rate	1.7 %	0.4 %
Dividend yield	— %	— %
Expected volatility	132 %	91 %

Stock-based compensation expense for the three months ended June 30, 2022 and 2021 was \$249 thousand and \$327 thousand, respectively. Stock-based compensation expense for the six months ended June 30, 2022 and 2021 was \$572 thousand and \$607 thousand, respectively. As of June 30, 2022, there was approximately \$1.3 million of total unrecognized compensation cost related to 510,859 unvested stock options that is expected to be recognized over a weighted-average remaining vesting period of 3.3 years.

Derivative Liability

Stock options granted to consultants that have an exercise price this is stated in a different currency than the Company's functional currency are treated as a liability and are revalued at the end of each reporting period for the term of the vesting period. Any change in the fair value of the stock option after the initial recognition is recorded as a component of other income, net in the consolidated statements of operations.

Changes in the Company's stock option liability for the six months ended June 30, 2022 was as follows (stated in thousands):

Balance at December 31, 2021	\$ 25
Gain on revaluation	25
Balance at June 30, 2022	\$ —

The assumptions used for the Black-Scholes Option Pricing Model to revalue the stock options granted to consultants as of June 30, 2022 and December 31, 2021 were as follows:

	As of June 30, 2022	As of December 31, 2021
Risk free rate of return	1.7 %	0.4 %
Expected life	0.3 years	1.8 years
Expected volatility	127 %	186 %
Expected dividend per share	nil	nil

There were no stock options granted to consultants during the six months ended June 30, 2022 and 2021 that required recurring fair value adjustments.

ASSURE HOLDINGS CORP.

(unaudited)

Warrants

As of June 30, 2022 and December 31, 2021, there were 3,940,006 warrants outstanding.

The following table summarizes warrants issued by transaction type:

	<u>Number of Warrants outstanding</u>
Convertible debt, warrants issued (Note 5)	380,874
Debenture, warrants issued (Note 5)	275,000
July 2020 private placement, warrants issued ⁽¹⁾	12,592
December 2020 equity financing warrants issued ⁽¹⁾	3,271,540
Total warrant outstanding	3,940,006

(1) For a complete discussion of the warrants issued during July and December 2020, see Note 11 to the consolidated financial statement for the year ended December 31, 2021 as filed on Form 10-K on March 14, 2022.

7. LOSS PER SHARE

The following table sets forth the computation of basic and fully diluted loss per share for the three and six months ended June 30, 2022 and 2021 (in thousands, except per share amounts):

	<u>Three Months Ended June 30,</u>		<u>Six Months Ended June 30,</u>	
	<u>2022</u>	<u>2021</u>	<u>2022</u>	<u>2021</u>
Net loss	\$ (4,726)	\$ (1,309)	\$ (7,185)	\$ (2,540)
Basic weighted average common stock outstanding	12,919,666	11,589,857	12,919,546	11,400,471
Basic loss per share	\$ (0.37)	\$ (0.11)	\$ (0.56)	\$ (0.22)
Net loss	\$ (4,726)	\$ (1,309)	\$ (7,185)	\$ (2,540)
Dilutive weighted average common stock outstanding	12,919,666	11,589,857	12,919,546	11,400,471
Diluted loss per share	\$ (0.37)	\$ (0.11)	\$ (0.56)	\$ (0.22)

Basic net loss per share is computed using the weighted average number of common shares outstanding during the period. Diluted net loss per share is computed using the treasury stock method to calculate the weighted average number of common shares and, if dilutive, potential common shares outstanding during the period. Potential dilutive common shares include incremental common shares issuable upon the exercise of stock options, less shares from assumed proceeds. The assumed proceeds calculation includes actual proceeds to be received from the employee upon exercise and the average unrecognized stock compensation cost during the period.

Stock options to purchase 659,206 and 527,693 shares of common stock and warrants to purchase 3,940,006 and 3,665,005 shares of common stock were outstanding at June 30, 2022 and 2021 that were not included in the computation of diluted weighted average common stock outstanding because their effect would have been anti-dilutive.

8. COMMITMENTS AND CONTINGENCIES

Indemnifications

The Company is a party to a variety of agreements in the ordinary course of business under which it may be obligated to indemnify third parties with respect to certain matters. These obligations include, but are not limited to, contracts entered into with physicians where the Company agrees, under certain circumstances, to indemnify a third party, against losses arising from matters including but not limited

ASSURE HOLDINGS CORP.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

to medical malpractice and other liability. The impact of any such future claims, if made, on future financial results is not subject to reasonable estimation because considerable uncertainty exists as to final outcome of these potential claims.

As permitted under Nevada law, the Company has agreements whereby it indemnifies its officers and directors for certain events or occurrences while the officer or director is, or was, serving at the Company's request in such capacity. The maximum potential amount of future payments the Company could be required to make under these indemnification agreements is unlimited; however, the Company believes, given the absence of any such payments in the Company's history, and the estimated low probability of such payments in the future, that the estimated fair value of these indemnification agreements is immaterial. In addition, the Company has directors' and officers' liability insurance coverage that is intended to reduce its financial exposure and may enable the Company to recover any payments, should they occur.

In April 2022, the U.S. Department of Justice ("DOJ") issued Civil Investigative Demands which seek information with respect to a civil investigation under the Anti-kickback Statute and the False Claims Act. We voluntarily contacted the DOJ offering to provide any materials needed in the investigation and to answer any questions. While our policy during the relevant time was to not seek payments from federal health care programs, the third-party billing company we used at that time submitted some claims to Medicare Advantage plans administered by commercial insurance companies. We have worked diligently to ensure that payments from Medicare Advantage plans have been returned to the commercial insurance companies and we believe we have returned substantially all such payments that we have discovered to date, totaling approximately \$450 thousand. The DOJ has not made any allegations in the investigation, and we are currently unable to predict the eventual scope, ultimate timing, or outcome of this investigation. As a result, we are unable to estimate the amount or range of any potential loss, if any, arising from this investigation.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the attached unaudited condensed consolidated financial statements and notes thereto, and with our audited financial statements and notes thereto for the year ended December 31, 2021 found in the Form 10-K filed by Assure Holdings Corporation on March 14, 2022 (the "Form 10-K").

This Quarterly Report contains forward-looking statements, which are subject to the safe harbor provisions created by the Private Securities Litigation Reform Act of 1995. Words such as "expects," "anticipates," "plans," "believes," "seeks," "estimates," "could," "would," "may," "intends," "targets" and similar expressions or variations of such words are intended to identify forward-looking statements, but are not the exclusive means of identifying forward-looking statements in this Quarterly Report. The identification of certain statements as "forward-looking" is not intended to mean that other statements not specifically identified are not forward-looking. All statements other than statements about historical facts are statements that could be deemed forward-looking statements, including, but not limited to, statements that relate to our future revenue, growth rate, competitiveness, gross margins, expenditures, tax expenses, cash flows, our management's plans and objectives for our current and future operations, general economic conditions, the impact of the COVID-19 pandemic and related events, the impact of acquisitions on our financial condition and results of operations, and the sufficiency of financial resources to support future operations and capital expenditures.

Although forward-looking statements in this Quarterly Report reflect the good faith judgment of our management, such statements can only be based on facts and factors currently known by us. Consequently, forward-looking statements are inherently subject to risks, uncertainties, and changes in condition, significance, value, and effect, including those discussed under the heading "Risk Factors" in our annual report on Form 10-K and other documents we file from time to time with the Securities and Exchange Commission ("SEC"), such as our quarterly reports on Form 10-Q and our current reports on Form 8-K. Such risks, uncertainties and changes in condition, significance, value, and effect could cause our actual results to differ materially from those expressed herein and in ways not readily foreseeable. Readers are urged not to place undue reliance on these forward-looking statements, which speak only as of the date of this Quarterly Report and are based on information currently and reasonably known to us. We undertake no obligation to revise or update any forward-looking statements to reflect any event or circumstance that may arise after the date of this Quarterly Report, other than as required by law. Readers are urged to carefully review and consider the various disclosures made in this Quarterly Report, which attempt to advise interested parties of the risks and factors that may affect our business, financial condition, results of operations and prospects.

OVERVIEW

Assure is a best-in-class provider of outsourced intraoperative neurophysiological monitoring ("IONM") and an emerging provider of remote neurology services that help make surgeries safer. The Company delivers a turnkey suite of clinical and operational services to support surgeons and medical facilities during invasive procedures. IONM has been well established as a standard of care and risk mitigation tool for various surgical verticals such as neurosurgery, spine, cardiovascular, orthopedic, ear, nose, and throat ("ENT"), and other surgical procedures that place the nervous system at risk. Accredited by The Joint Commission, Assure's mission is to provide exceptional surgical care and help make invasive surgeries safer. Our strategy focuses on utilizing best of class personnel and partners to deliver outcomes that are beneficial to all stakeholders including patients, surgeons, hospitals, insurers, and shareholders.

During each procedure, Assure provides two services, the Technical Component and Professional Component of IONM. Our in-house Interoperative Neurophysiologists ("INP") provide the Technical Component IONM services in the operating room throughout the surgical procedure, while the telehealth-oriented supervising practitioners provide a level of redundancy and risk mitigation, the Professional Component, in support of the onsite INPs and surgical team. In addition, Assure offers a comprehensive suite of IONM services, including scheduling the INP and supervising practitioner, real time monitoring, patient advocacy and subsequent billing and collecting for services provided.

Historically, the foundation of Assure's business has been providing the Technical Component of IONM via our INP staff. We employ highly trained INPs, which provide a direct point of contact in the operating room during the surgeries to relay critical information to the surgical team. In our one-to-one model, Assure pairs a surgeon with a team of INPs to promote a level of familiarity, comfort and efficiency between the surgeon and the INP. Each INP has the ability to handle approximately 200 cases annually. Our INPs monitor the surgical procedure using state of the art, commercially available, diagnostic medical equipment. Assure INP's are certified by a

third-party accreditation agency. The success of our service depends upon the timely and successful interpretation of the data signals by the monitoring team to quickly determine if there is a deficiency and the surgical intervention required to positively impact the patient and surgery. Employing this model, Assure has rapidly expanded its operational footprint from a home base in Colorado and increased its number of managed cases from approximately 1,600 in 2017 to approximately 17,400 in 2021.

Beginning in the second quarter of 2021, Assure began executing on its long-term vertical integration plan by expanding into remote neurology services. As a result, Assure began delivering remote neurology services in support of the surgical team and INPs rather than exclusively relying on third-party supervising practitioners as it had previously. We currently have supervising practitioners employed and working with surgical teams and our INPs. They are utilizing equipment and training to monitor evoked potentials (“EPs”), electroencephalographic (“EEG”) and electromyography (“EMG”) and several complex modalities during surgical procedures to pre-emptively notify the surgeon of any nerve related issues that are identified.

Remote neurology services is a one-to-many business model, as one supervising practitioner is able to monitor multiple patients simultaneously. As a result, the Professional Component has a different financial profile than the Technical Component. Supervising practitioners provide remote neurology services from an off-site location and maintain the ability to manage multiple cases simultaneously. As a result, each supervising practitioner has the ability to handle approximately 2,000 or more cases annually. In 2021, Assure performed approximately 17,400 total managed cases including managing approximately 2,100 remote neurology cases with employed supervising practitioners. The number of remote neurology managed cases is expected to expand significantly as our supervising practitioners increase the volume of cases supervised and additional neurologists are added to the internal team.

Bringing the Professional Component of IONM in-house generates a number of positives for Assure. First, we will be able to oversee quality of service for providing remote neurology services. This commitment to quality supports our efforts to sign new in-network agreements with insurance payors and facility-wide agreements with hospitals. Second, by bringing the remote neurology function in-house, we are able to significantly reduce cost of delivery, allowing the Company to improve our profitability on every case we perform. Our objective is to significantly reduce the cost of delivery for remote neurology services going forward. Additional scale will serve as a catalyst for margin expansion in the future. Third, for most of the cases we perform, remote neurology services represent the creation of a new revenue stream. Fourth, providing remote neurology services for IONM creates opportunities in adjacent markets where similar remote neurology services are utilized. The shift to providing remote neurology services ourselves was a natural progression of the business. We have established the platform and maintained patient volume, insourcing remote neurology was simply a matter of replacing contractors with Assure supervising practitioners to service this volume. The long-term result will be increased margins, a new revenue stream and improved cash receipts from commercial payors.

Collectively, support from Assure’s high quality Technical and Professional IONM services results in decreased hospital and surgeon liability, abbreviated patient stays, fewer readmissions, reduced hospital costs, enhanced overall patient satisfaction and the efficient achievement of better clinical outcomes.

As we transition to becoming a provider of remote neurology services, we believe our expertise in IONM will assist us in entering adjacent markets including EEG, epilepsy, sleep study and stroke in which Assure supervising practitioners can also provide patient services.

In 2022, Assure provided IONM services for approximately 185 surgeons in approximately 115 hospitals and surgery centers. The Company operates in: Arizona, Colorado, Kansas, Louisiana, Michigan, Missouri, Nebraska, Nevada, Texas, Minnesota and Utah. Our continued geographic expansion initiatives, including facility-wide outsourcing agreements with medical facilities and hospital networks, coupled with the surgical vertical expansion efforts, extending the Company’s reach into remote neurology services and selective acquisitions are expected to generate substantial growth opportunities going forward. In the future, it may be necessary for us to raise additional funds for the continuing development of our business plan.

Clinical leadership, surgeon support and patient care are Assure’s cornerstones. We make substantial ongoing investments in our training and development of clinical staff and have created a fellowship program to rigorously train new INPs to cost-effectively join the Assure team. In addition, we have partnered with the internationally renowned Texas Back Institute on clinical research relating to IONM safety and efficacy. Isador Lieberman, M.D., director of the scoliosis and spine tumor program at the Texas Back Institute, is a member of Assure’s Medical Advisory Committee.

Our strategy is to build a telehealth remote neurology services company with exceptional capabilities in IONM and numerous adjacent markets while utilizing the same platform and employees. This will extend our reach and redefine our position in the industry. We are thoughtfully deploying capital and focusing our investment in high potential growth initiatives including: organically expanding into new states, growing our remote neurology platform, signing new IONM outsourcing agreements with hospitals and medical facilities, as well as opportunistic M&A. In addition, we are investing to make our revenue cycle management function more automated, improving the velocity of our cash collections. The data and analytics-driven Company we are building will play a bigger role in the success of our key stakeholder groups: surgeons, hospitals, insurance companies and patients, and in turn deliver attractive returns to our stockholders.

The Company has financed its cash requirements primarily from revenues generated from its services, by utilizing debt facilities and from the sale of common stock.

Payment for services, revenue mix and seasonality

Over half of Assure's patients commonly have commercial health insurance coverage ("Commercial Payor") and we are compensated via their health insurance plan. Assure's commercial insurance patients represent the significant majority of our revenue and profit margin. We produce separate bills for the Technical Component and the Professional Component of the IONM services we perform. The majority of our commercial payors are billed out-of-network and we negotiate payment for each claim. The remainder of commercial payors utilize a contracted rate. The majority of contracted rates are via indirect agreements with third-party organizations or related entities of the commercial payor with a smaller portion in direct agreements with contracted rates.

We bill, collect, and retain 100% of the revenue associated with the Technical Component of the services we provide. For the Professional Component, when the supervising practitioner is an Assure employee or where we own 100% of the entity managing the procedure, the Company bills, collects and retains 100% of the revenue. In instances in which the Professional Component is provided via Managed Service Agreements ("MSAs") with surgeons or through agreements with Professional Entities ("PEs"), we engage in a revenue share based on the percentage outlined in the underlying agreement.

For the balance of the patients we serve, billing is made under individual facility service agreements with hospitals. In these cases, the hospital's patient may be uninsured or have government insurance. Regardless, Assure provides the same high level of service and quality of care.

The surgical segment of the health care industry tends to be impacted by seasonality due to the nature of most benefit plans resetting on a calendar year basis. As patients utilize and reduce their remaining deductible throughout the year, Assure typically see an increase in volume throughout the year with the biggest impact coming during the fourth quarter. As a result, historically our annual revenues are overweighted in the fourth quarter.

Seasonality impacts our revenue mix for similar reasons. As patients with commercial insurance utilize and reduce their remaining deductible throughout the year, we typically see an increase in volume with the biggest impact coming in the fourth quarter. Historically, our revenue mix is relatively overweighted to patients with commercial insurance in the second half of the year and to patients with government insurance in the first half of the year.

COVID-19

Our commitment to the health, well-being and peace of mind of our employees and the people we serve remains our focus as the pandemic environment evolves. We continue to leverage our resources, expertise, data and actionable intelligence to assist customers, clients and care providers throughout this time.

The situation surrounding COVID-19 remains fluid with continued uncertainty and a wide range of potential outcomes. We continue to actively manage our response and assess impacts to our financial position and operating results, as well as mitigate adverse developments in our business. Further discussion of the potential impacts on our business from the COVID-19 pandemic is provided under Part I, Item 1A – Risk Factors of the Form 10-K.

RESULTS OF OPERATIONS

Three Months Ended June 30, 2022 Compared to the Three Months Ended June 30, 2021

The following table provides selected financial information from the condensed consolidated financial statements of income for the three months ended June 30, 2022 and 2021. All dollar amounts set forth in the table below are expressed thousands of dollars, except share and per share amounts.

	Three Months Ended June 30,		Change	Change
	2022	2021	\$	%
Revenue				
Technical services	\$ 67	\$ 4,095	\$ (4,028)	(98)%
Professional services	854	652	202	31 %
Other	724	1,473	(749)	(51)%
Total revenue	1,645	6,220	(4,575)	(74)%
Cost of revenues	4,002	3,170	832	26 %
Gross margin	(2,357)	3,050	(5,407)	(177)%
Operating expenses

Revenue

Total revenues for the three months ended June 30, 2022 and 2021 were \$1.6 million and \$6.2 million, respectively, net of implicit price concessions. For the three months ended June 30, 2022 and 2021, we recorded an allowance for implicit price concessions of \$7.6 million and \$1.1 million, respectively.

Gross revenue for the three months ended June 30, 2022, and 2021, prior to the application of implicit price concessions, totaled \$9.2 million and \$7.3 million. The increase in gross revenue is primarily related to an increase in

[Table of Contents](#)

managed case volume of approximately 2,700 from nearly 3,200 in the second quarter 2021 to approximately 5,800 in the same period of 2022. The increase in managed cases is primarily related to the acquisition of Sentry, completed during the second quarter of 2021, and expansion into remote neurology. Gross revenue for the three months ended June 30, 2022, was negatively impacted by implicit price concessions related to aged claims. Based on the Company's historical experience, claims generally become uncollectible once they are aged greater than 24 months; as such, included in the Company's \$8.1 million allowance for implicit price concessions for the three months ended June 30, 2022, is an estimate of the likelihood that a portion of the Company's accounts receivable may become uncollectible due to age. Management has recently designated a tactical team to specifically pursue these reserved claims. We expect results from these efforts in the second half of the year as we continue collection efforts for claims aged past 24 months. As a result, we anticipate that there will also be a bad debt charge in the third quarter of 2022; smaller than what we reported in the second quarter, but still a material impact.

Technical and professional service revenue is recognized in the period in which IONM services are rendered, at net realizable amounts due from third party payors when collections are reasonably assured and can be estimated. The majority of the Company's services are rendered on an out-of-network basis and billed to third-party insurers. We estimate out-of-network technical and professional revenue per case based upon our historical cash collection rates from private health insurance carriers. Our revenue estimation process for out-of-network revenue is based on the collection experience from insurance cases that are between 13-24 months old as management believes the more recent collection experience is more indicative of future per case collection rates.

For the three months ended June 30, 2022, Assure managed approximately 5,800 cases compared to approximately 3,200 cases in the same period in the prior year, an 81% increase in managed case volume. The increase is primarily related to organic sales growth in new markets, the acquisition of Sentry during the second quarter of 2021, and the launch of remote neurology services during the second quarter of 2021.

Other revenue consists of revenue from managed service arrangements on a contractual basis. Revenue from services rendered is recorded after services are rendered.

Cost of revenues, excluding depreciation and amortization

Cost of revenues, excluding depreciation and amortization, for the three months ended June 30, 2022, were \$4.0 million compared to \$3.2 million for the same period in 2021, an 26% increase. During the three months ended June 30, 2022, the number of neuromonitoring cases increased 81% compared to the three months ended June 30, 2021 which drove the costs of revenues increase. Cost of revenues consist primarily of the cost of our internal billing and collection department, internal and external collection costs, technologist and supervising practitioner wages, third-party supervising practitioner fees, and medical supplies. Technologist and supervising practitioner wages and medical supplies vary with the number of neuromonitoring cases. The cost of our internal billing and collection department increased as we have increased headcount to align with expected growth in volume and the number of cases to invoice has increased.

General and administrative

General and administrative expenses were \$3.6 million and \$4.0 million for the three months ended June 30, 2022 and 2021, respectively. The decrease period-to-period was primarily related to cost cutting efforts.

Accretion expense

The Company recorded non-cash accretion expense of \$171 thousand and \$120 thousand for the three months ended June 30, 2022 and 2021, respectively. The Company accretes the difference between the fair value of the convertible debt and the debenture and the face value of the convertible debt and the debenture over the term of the convertible debt and the debenture. Specifically, accretion expense was \$95 thousand for each period related to the convertible debt and \$76 thousand and \$25 thousand for the three months ended June 30, 2022 and 2021, respectively, for the Centurion debenture.

Interest expense, net

Interest expense, net was \$439 thousand for the three months ended June 30, 2022 compared to \$218 thousand for the three months ended June 30, 2021. The increase year-over-year is primarily due to higher outstanding debt balances. Specifically, interest expense

was \$77 thousand for each period related to the convertible debt and \$284 thousand and \$46 thousand for the three months ended June 30, 2022 and 2021, respectively, for the Centurion debenture.

Income tax benefit

For the three months ended June 30, 2022, income tax benefit was \$2.3 million and compared \$474 thousand for the three months ended June 30, 2021. The Company's estimated annual tax rate is impacted primarily by the amount of taxable income earned in each jurisdiction the Company operates in and permanent differences between financial statement carrying amounts and the tax basis.

Six Months Ended June 30, 2022 Compared to the Six Months Ended June 30, 2021

The following table provides selected financial information from the condensed consolidated financial statements of income for the six months ended June 30, 2022 and 2021. All dollar amounts set forth in the table below are expressed thousands of dollars, except share and per share amounts.

	Six Months Ended June 30,		Change	Change

Revenue

Total revenues for the six months ended June 30, 2022 and 2021 were \$6.3 million and \$11.0 million, respectively, net of implicit price concessions. For the six months ended June 30, 2022 and 2021, we recorded an allowance for implicit price concessions of \$12.0 million and \$1.2 million, respectively.

Gross revenue for the six months ended June 30, 2022, and 2021, prior to the application of implicit price concessions, totaled \$18.3 million and \$12.2 million. The increase in gross revenue is primarily related to an increase in managed case volume of approximately 4,900 from nearly 6,000 in the first half 2021 to nearly 10,900 in the same period of 2022. The increase in managed cases is primarily related to the acquisition of Sentry, completed during the second quarter of 2021, and expansion into remote neurology. Gross revenue for the six months ended June 30, 2022, was negatively impacted by implicit price concessions related to aged claims. Based on the Company's historical experience, claims generally become uncollectible once they are aged greater than 24 months; as such, included in the Company's \$12.0 million allowance for implicit price concessions for the six months ended June 30, 2022, is an estimate of the likelihood that a portion of the Company's accounts receivable may become uncollectible due to age. Management has recently designated a tactical team to specifically pursue these reserved claims. We expect results from these efforts in the second half of the year as we continue collection efforts for claims aged past 24 months. As a result, we anticipate that there will also be a bad debt charge in the third quarter of 2022; smaller than what we reported in the second quarter, but still a material impact.

Technical and professional service revenue is recognized in the period in which IONM services are rendered, at net realizable amounts due from third party payors when collections are reasonably assured and can be estimated. The majority of the Company's services are rendered on an out-of-network basis and billed to third-party insurers. We estimate out-of-network technical and professional revenue per case based upon our historical cash collection rates from private health insurance carriers. Our revenue estimation process for out-of-network revenue is based on the collection experience from insurance cases that are between 1-24 months old as management believes the more recent collection experience is more indicative of future per case collection rates.

For the six months ended June 30, 2022, Assure managed approximately 10,900 cases compared to approximately 6,000 cases in the same period in the prior year, an 82% increase in managed case volume. The increase is primarily related to organic sales growth in new markets, the acquisition of Sentry during the second quarter of 2021, and the launch of remote neurology services during the second quarter of 2021.

Other revenue consists of revenue from managed service arrangements on a contractual basis. Revenue from services rendered is recorded after services are rendered.

Cost of revenues, excluding depreciation and amortization

Cost of revenues, excluding depreciation and amortization, for the six months ended June 30, 2022, were \$7.9 million compared to \$5.7 million for the same period in 2021, a 38% increase. During the six months ended June 30, 2022, the number of neuromonitoring cases increased 82% compared to the six months ended June 30, 2021 which drove the costs of revenues increase. Cost of revenues consist primarily of the cost of our internal billing and collection department, internal and external collection costs, technologist and supervising practitioner wages, third-party supervising practitioner fees, and medical supplies. Technologist and supervising practitioner wages and medical supplies vary with the number of neuromonitoring cases. The cost of our internal billing and collection department increased as we have increased headcount to align with expected growth in volume and the number of cases to invoice has increased.

General and administrative

General and administrative expenses were \$7.8 million and \$7.1 million for the six months ended June 30, 2022 and 2021, respectively. The increase period-to-period was primarily related to increased head count, via organic growth and integrated acquisitions, partially offset by cost cutting efforts.

Gain on Paycheck Protection Program loan forgiveness

During March 2021, the Company received an unsecured loan under the United States Small Business Administration Paycheck Protection Program ("PPP") pursuant to the recently adopted Coronavirus Aid, Relief, and Economic Security Act (the "PPP Loan") in the amount of \$1.7 million. During January 2022, the Company was granted forgiveness of the PPP Loan. As of June 30, 2022, the

Company recorded a gain on forgiveness of the PPP Loan of \$1.7 million. There were no similar transactions during the six months ended June 30, 2021.

Accretion expense

The Company recorded non-cash accretion expense of \$341 thousand and \$215 thousand for the six months ended June 30, 2022 and 2021, respectively. The Company accretes the difference between the fair value of the convertible debt and the debenture and the face value of the convertible debt and the debenture over the term of the convertible debt and the debenture. Specifically, accretion expense was \$190 for each period related to the convertible debt and \$151 thousand and \$25 for the six months ended June 30, 2022 and 2021, respectively, for the Centurion debenture.

Interest expense, net

Interest expense, net was \$846 thousand for the six months ended June 30, 2022 compared to \$236 thousand for the six months ended June 30, 2021. The increase year-over-year is primarily due to higher outstanding debt balances. Specifically, interest expense was \$220 thousand and \$154 thousand for each period related to the convertible debt and \$547 thousand and \$46 thousand for the six months ended June 30, 2022 and 2021, respectively, for the Centurion debenture.

Income tax benefit

For the six months ended June 30, 2022, income tax benefit was \$2.6 million compared \$901 thousand for the six months ended June 30, 2021. The Company's estimated annual tax rate is impacted primarily by the amount of taxable income earned in each jurisdiction the Company operates in and permanent differences between financial statement carrying amounts and the tax basis.

FINANCIAL POSITION, LIQUIDITY AND CAPITAL RESOURCES

Our cash position as of June 30, 2022 was \$0.8 million compared to the December 31, 2021 cash balance of \$4.0 million. Working capital was \$24.5 million as of June 30, 2022 compared to \$34.3 million at December 31, 2021. We believe that our working capital balance and our estimated cash flows from operations during 2022 is expected support our operating activities and our obligations for the next 12 months. However, if we pursue our plan of continued growth our existing working capital will not be sufficient and we may need to seek equity or debt financing. Such financings may include the issuance of shares of common stock, warrants to purchase common stock, convertible debt or other instruments that may dilute our current stockholders. Financing may not be available to us on acceptable terms depending on market conditions at the time we seek financing.

We rely on payments from multiple private insurers and hospital systems that have payment policies and payment cycles that vary widely and are subject to change. Because we are primarily an out-of-network biller to private insurance companies, the collection times for our claims can last in excess of 24 months. During the six months ended June 30, 2022, the Company recorded an allowance for implicit price concessions of \$12.5 million. We expect a lower allowance for the three months ended September 30, 2022 for the same reason. As a result, we anticipate EBITDA to be positive for the second half of the year.

For the six months ended June 30, 2022, we collected approximately \$11.6 million of cash from operations compared to collecting approximately \$6.8 million in the same prior year period. As of June 30, 2022, accounts receivable, which are recorded net of implicit price concessions, was \$21.0 million compared to \$27.8 million at December 31, 2021. The decrease in our accounts receivable balance during 2022 is primarily related to the increased velocity of cash receipts and implicit price concession charges. We received \$50 thousand in cash distributions from the PE entities for the six months ended June 30, 2022 compared to \$234 thousand received for the same period in the prior year.

Historically, we have financed our operations primarily from revenues generated from services rendered and through equity and debt financings. Our cash balance and projected cash flows from operations are expected to fund our current obligations and planned operating activities for the next 12 months.

Cash used in operating activities for the six months ended June 30, 2022 was \$3.1 million compared to \$6.3million for the same period in the preceding year. Cash was used to fund operations and to fund our growth strategy.

[Table of Contents](#)

Cash used in investing activities of \$103 thousand for the six months ended June 30, 2022 was related the PE distributions of \$50 thousand, offset by payments related to acquisition liabilities of \$127 thousand and fixed asset purchases of \$26 thousand. Cash provided by investing activities of \$78 thousand for the six months ended June 30, 2021 was related to \$234 thousand in distributions received from the PEs, partially offset by \$156 thousand of payments related to acquisition liabilities.

Cash provided by financing activities of \$4 thousand for the six months ended June 30, 2022 was due to stock option exercises. Cash provided by financing activities of \$5.8 million for the six months ended June 30, 2021 was due to \$7.4 million of net proceeds from the debenture, \$1.7 million of proceeds from the Payroll Protection Program loan, and \$832 thousand in proceeds from common share issuances, offset by \$4.1 million payments of bank debt.

Our near-term cash requirements relate primarily to payroll expenses, trade payables, debt payments, capital lease payments, and general corporate obligations.

We have receivables from equity investments in PEs and other entities that are due and payable upon those entities collecting on their own accounts receivable. To the extent that these entities are unable to collect on their accounts receivable or there is an impairment in the valuation of those accounts receivable, the Company will need to reduce its related party receivables and/or its equity investments in the PEs.

Off-Balance Sheet Arrangements

We have no material undisclosed off-balance sheet arrangements that have or are reasonably likely to have, a current or future effect on our results of operations or financial condition.

CRITICAL ACCOUNTING POLICIES

We prepare our consolidated financial statements in conformity with GAAP. Application of GAAP requires management to make estimates and assumptions that affect the amounts reported in our consolidated financial statements and accompanying notes and within this MD&A. We consider our most important accounting policies that require significant estimates and management judgment to be those policies with respect to revenue, accounts receivable, stock based compensation, acquired intangible assets, goodwill, and income taxes, which are discussed below. Our other significant accounting policies are summarized in Note 2, “Basis of Presentation” and Note 3, “Summary of Significant Accounting Policies,” of the Notes to Consolidated Financial Statements included in the Annual Report on Form 10-K for the year ended December 31, 2021 as filed with the Securities and Exchange Commission on March 14, 2022.

We continually evaluate the accounting policies and estimates used to prepare the consolidated financial statements. In general, our estimates are based on historical experience, evaluation of current trends, information from third-party professionals and various other assumptions that we believe to be reasonable under the known facts and circumstances. Estimates can require a significant amount of judgment and a different set of assumptions could result in material changes to our reported results.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not applicable

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

As of the end of the period covered by this Quarterly Report on Form 10-Q, an evaluation was carried out under the supervision of, and with the participation of the Chief Executive Officer (“CEO”) and Chief Financial Officer (“CFO”), of the effectiveness of the design and operations of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Based on that evaluation, the CEO and the CFO have concluded that, as of the end of the period covered by this Quarterly Report on Form 10-Q, our disclosure controls and procedures were ineffective in ensuring that (i) information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms and (ii) information required to be disclosed by us in the reports that we

file or submit under the Exchange Act is accumulated and communicated to our CEO and CFO, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There have been changes in our internal control over financial reporting during the quarter ended June 30, 2022 that have materially affected, or is reasonably likely to materially affect, our internal control over financial reporting. Changes in our internal control over financial reporting during the quarter ended June 30, 2022 are discussed below under “Remediation”.

Material Weaknesses

Previously, management noted that we had material weaknesses in our internal control over financial reporting related improper segregation of duties which management believes to be a material weakness.

Remediation Progress

In response to the identified material weakness, during the first quarter of 2022 and continuing into the second quarter of 2022, management began to restructure certain employee functions to allow for proper review of all transactions in order to remediate the segregation of duties control weakness. Management believes the segregation of duties material weakness will be remediated during the fourth quarter of 2022.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

We are not aware of any material pending or threatened litigation or of any proceedings known to be contemplated by governmental authorities that are, or would be, likely to have a material adverse effect upon us or our operations, taken as a whole.

In April 2022, the U.S. Department of Justice (“DOJ”) issued Civil Investigative Demands which seek information with respect to a civil investigation under the Anti-kickback Statute and the False Claims Act. We voluntarily contacted the DOJ offering to provide any materials needed in the investigation and to answer any questions. While our policy during the relevant time was to not seek payments from federal health care programs, the third-party billing company we used at that time submitted some claims to Medicare Advantage plans administered by commercial insurance companies. We have worked diligently to ensure that payments from Medicare Advantage plans have been returned to the commercial insurance companies and we believe we have returned substantially all such payments that we have discovered to date, totaling approximately \$450,000. The DOJ has not made any allegations in the investigation, and we are currently unable to predict the eventual scope, ultimate timing, or outcome of this investigation. As a result, we are unable to estimate the amount or range of any potential loss, if any, arising from this investigation.

ITEM 1A. RISK FACTORS

During the six months ended June 30, 2022 there were no material changes to the risk factors disclosed in Item 1A of Part I of our Annual Report on Form 10-K for the year ended December 31, 2021.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

Item 2(b) and 2(c) are not applicable.

Item 2(a) – Stock Issuances - Except as disclosed in our previously filed current reports on Form 8-K, the Company has not issued equity securities of the Company on an unregistered basis during the quarter ended June 30, 2022.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

ITEM 5. OTHER INFORMATION

None.

ITEM 6. EXHIBITS

CERTIFICATION OF CHIEF EXECUTIVE OFFICER

I, John Farlinger, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Assure Holdings Corp.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal controls over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATIONS

I, John Price, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Assure Holdings Corp.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements and other financial information included in this report, fairly present, in all material respects, the financial condition, results of operations, and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's Board of Directors:
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize, and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
